*Career Pathways*  
De La Salle College

De La Salle College

Since 1953 | Catholic School for Boys in the Lasallian tradition

## Year 11-13 Career Education

Dear Students

As you approach the end of your senior year, I wanted to take a moment to encourage you in your future endeavours. This is an exciting time filled with anticipation and possibility, but it can also be daunting and overwhelming.

I want to remind you that you have already achieved so much. You have worked hard to get to where you are today, and you should be proud of yourself for all that you have accomplished. Your dedication and commitment to your education have not gone unnoticed, and I am confident that you will continue to make great strides in whatever path you choose.

As you navigate the next phase of your life, it is important to remember that there is no one-size-fits-all approach to success. Your journey will be unique, and you will face your own set of challenges along the way. I have no doubt you have the skills, talent, and determination to overcome any obstacles that come your way.

Whether you are pursuing higher education, entering the workforce, or taking some time to figure out your next steps, know that there are people in your corner supporting you. You have a support system of family, friends, teachers, and mentors who believe in you and want to see you succeed.

Remember to stay true to yourself and your passions, and don't be afraid to take risks and try new things. Your future is bright, and I am excited to see where your journey takes you.

Best of luck to you, Keep pushing forward and chasing your dreams.

Sincerely

*Mrs Moganaygee Nayagar*

Director Careers Advisor

# TABLE OF CONTENTS

Information for Students and Parents

Instructions for the Money Hub database

Unitec Vocational Pathways Kick Start Scholarships

Accommodation Scholarships

Step by Step Guide to the Scholarship Process

Scholarships available from Universities and Private Training Providers (some are not currently listed on the MoneyHub site but can be accessed via the links provided)

## **INFORMATION FOR STUDENTS AND PARENTS**

- Scholarships provide funding for tertiary study
- The selection process is competitive and there are many specific scholarships available  
Academic merit is always a major consideration, ideally you need Level 2 with Merit or Excellence. Some scholarships are for students experiencing financial hardship. Most are specific in their criteria.
- NCEA Level 4 scholarship examinations are a qualification. Rewards range from \$500 to \$10,000 depending on achievement.
- Start early if you wish to apply for a scholarship. Do not wait until the deadline.

## **INSTRUCTIONS FOR THE MONEYHUB DATABASE and CAREER CENTRAL**

The best place to start is the MoneyHub database

<https://www.moneyhub.co.nz/scholarships-nz.html>.

Log in and go to Resources and then click on the Money square and you can access information on Moneyhub and also Scholarship information.

Read through the Summary on this link and the How to Use this Guide, then scroll down to the Scholarship List – Fast Links. These include links to all the NZ universities and their general and faculty specific scholarships. You need to search further to find out your eligibility for these scholarships by clicking on the links provided. You need to ascertain the criteria for each scholarship.

Criteria for selection vary. Some factors which may apply are:

- Academic ability applies to all scholarships, related to Year 12 results
- Regional and national achievement – sports/arts/technology, etc
- School decile (our school is Decile 1)
- Extra curricular activities are important

- Leadership ability
- Commitment to the community
- Course of study is often a criteria
- Ethnicity can be a criteria
- NZ Citizenship or Permanent residency can be a factor
- There may be rules around gaining a scholarship if taking a gap year

Scrolling down further you will find **Private Organization Scholarships**, these do not include all the scholarships we know about, so we have provided you with some extras in this booklet

Following this section is **Regional Scholarships**, mostly you will only be looking at Auckland ones, but if you are studying away from Auckland, this may be worth a look though they are normally awarded to students in their region

The last section on Moneyhub is **Specific Scholarships**, this includes Maori, Pacific and a listing of overseas scholarships

Lastly read the **Tips for Scholarship Application**, this is helpful information for you to nail an impressive scholarship application.

### **Accommodation Scholarships**

Many of the New Zealand universities have additional scholarships available for their Halls of Residence. This information can be accessed by searching on the scholarship pages of the university websites. Try using the word “accommodation” in your search. Also many first year scholarships which previously covered tuition fees can now be used towards accommodation fees instead.

- Scholarship closing dates vary but usually begin around the beginning of August
- Applications can take a lot of effort to prepare. There are applications forms to acquire and complete, often essays to write, certificates to be collected, photocopied and verified by a JP, passport photos to be taken and referee reports to be written. Most scholarships require an application enrolment for the institution to be submitted along with the scholarship application.
- Some scholarships require the school and/or scholarship provider to select the recipient.
- Every application requires the schools endorsement in the form of a reference from a Year 13 Dean or Teacher.
- Financial hardship applications require a declaration of parents’ income. You may be eligible for a student allowance, refer [www.studylink.govt.nz](http://www.studylink.govt.nz)
- Because specific scholarships are competitive, the quality of the application is of the utmost importance. Emphasize what you can do for the scholarship, rather than what it can do for you. I.e. Mentoring, fundraising, and other community engagement within the university community.

## **Step by Step Guide to the Scholarship Process**

### **STEP 1**

Through your own research at your school Careers Room or from the Internet, decide on the course of study you wish to undertake and know why you want to study this course

### **STEP 2**

Access the **Moneyhub** database <https://www.moneyhub.co.nz/scholarship-nz.html>

You can also access the **givMe** scholarship database at any public library, or at home using a library card. This site provided criteria for over 5000 scholarships.

For Australian Universities contact the embassy:

<https://newzealand.embassy.gov.au/witn/media.html>

For information on Australian Universities

<https://www.gooduniversitiesguide.com.au/course-provider>

### **STEP 3**

Decide on the institution/s you wish to attend and the course you wish to enrol in. Visit the institution website/s to view specific information on scholarships offered by that institution in your faculty of interest.

### **STEP 4**

Study the scholarship booklet provided and the **Moneyhub** database for more specific information.

Determine carefully if you meet the criteria for applying. Keep a copy of the scholarship regulations and due date so that you can discuss your short list with the Pathways Advisor in the Careers office.

### **STEP 5**

When you finish completing a hard copy scholarship application, provide all completed documentation to the Careers Advisor for checking.

## **UNIVERSITY SCHOLARSHIPS – Contestable with all schools**

These scholarships all appear in the Moneyhub listings but are the significant ones for each university, so we have highlighted them here for your convenience

# UNIVERSITY OF AUCKLAND
